ESSENTIAL SURGERY

ESSENTIAL SURGERY

Ternopil
TSMU "Ukrmedknyha"
2010

ВБК 617 – 089 (075.8) = 20

Reviewers: *Kovalchuk L. Ya.*, MD, professor of surgery, Corresponding member of Ukrainian Medical academy of sciences, Chair of department of surgery, urology, anesthesiology and minimal – invasive endoscopic techniques of Ternopil state medical university

Bezrodny B. G., MD, professor of surgery, Chair of department of surgery No.2 of National medical university named after O.O. Bogomoletz (Kiev)

Grubnik V.V., Kovalchuk O.L., Malynovskyi A.V., Grubnik O.V.

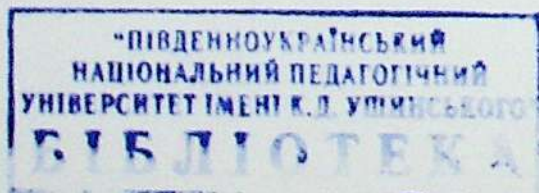

Essential surgery: training supply. – Ternopil: TSMU, 2010. – 544 p.

ISBN 978-966-673-147-3

The book contains the most important information (i.e., clinical presentation, diagnostics and treatment) about the majority of surgical diseases using the novel, symptom- and syndrome-oriented approach. The algorithms of diagnostics and surgical treatment of the most of diseases are presented by vivid schemes and tables. The principles of almost all surgical procedures are showed by distinct schemes. The data of imaging studies of every entity are also clearly presented. Every chapter includes review tests. These advances facilitate studying of surgery by students of senior courses of higher medical schools and residents of general surgery.

Ill. 332. Tab. 69. Schem. 111. Diagr. 5. Bibl. 70.

CONTENTS

Preface	3
CHAPTER 1. ACUTE ABDOMEN: GENERAL CONSIDERATIONS	5
Symptoms	6
Physical examination	10
Medical illnesses that can cause acute abdomen	13
Immunocompromised patients	15
Acute abdomen in children	16
Laboratory tests	17
Radiographic studies	18
General principles of approach to a patient with acute abdominal pain	21
REVIEW TESTS	21
CHAPTER 2. DIFFUSE ABDOMINAL PAIN	23
PERITONITIS	23
Overview	23
Clinical features	24
Laboratory studies	26
Diagnostic peritoneal lavage	26
Visualization data	26
Treatment	26
Complications of peritonitis	28
Abscesses	29
ACUTE PANCREATITIS	31
Overview	31
Clinical features and laboratory data	31
Visualization data	33
Treatment of acute pancreatitis and its early complications	35
Late complications of pancreatic necrosis	38
MESENTERIC THROMBOSIS	42
Acute mesenteric ischemia	42
Chronic mesenteric ischemia	43
REVIEW TESTS	45
CHAPTER 3. PAIN IN RIGHT LOWER QUADRANT OF ABDOMEN	49
ACUTE APPENDICITIS	49

Overview	49
Uncomplicated appendicitis	50
Appendicular abscess	54
Appendicular mass	55
REVIEW TESTS	56

CHAPTER 4. PAIN IN RIGHT UPPER QUADRANT OF ABDOMEN 58

CHOLELITHIASIS (GALLSTONE DISEASE)	58
Overview	58
Asymptomatic cholelithiasis	59
Chronic cholecystitis	59
Acute cholecystitis	61
Acute acalculous cholecystitis	63
Postcholecystectomy syndrome	63
BENIGN TUMORS OF LIVER	64
Hemangioma	64
Hepatocellular adenoma	66
Focal nodular hyperplasia	67
MALIGNANT TUMORS OF LIVER	67
Overview	67
Hepatocellular carcinoma	68
Cholangiocarcinoma	70
Angiosarcoma	71
Metastatic tumors of liver	71
HEPATIC ABSCESSSES AND CYSTS	74
Bacterial abscesses	74
Amebic abscess	75
Hydatid cysts of the liver	75
UNCOMPLICATED PEPTIC ULCER DISEASE	78
Duodenal ulcers	79
Gastric ulcers	83
Complications specific to gastric surgery	86
PERFORATED PEPTIC ULCER	87
Overview	87
Clinical features and visualization data	87
Treatment	88
REVIEW TESTS	90

CHAPTER 5. VOMITING 93

GASTRIC OUTLET OBSTRUCTION	96
GASTRIC TUMORS	97
Gastric cancer	97
Gastric lymphoma	107
Leiomyosarcoma	108

Benign tumors	108
INTESTINAL OBSTRUCTION	108
Overview	108
Treatment	112
Adynamic ileus	113
REVIEW TESTS	114
CHAPTER 6. OBSTIPATION	117
BENIGN COLORECTAL TUMORS	119
Polyps	119
Polyposis syndromes	121
MALIGNANT COLORECTAL TUMORS	125
Carcinoma of colon and rectum	125
Carcinoid tumors	139
Other neoplasms	140
VOLVULUS	140
Overview	140
Sigmoid volvulus	140
Caecal volvulus	141
REVIEW TESTS	142
CHAPTER 7. GASTROINTESTINAL BLEEDING	144
UPPER GASTROINTESTINAL HEMORRHAGE (OVERVIEW)	144
Causes of bleeding	144
Types of bleeding	145
History and physical examination	145
Diagnosis	146
Medical treatment	148
Surgical treatment	149
BLEEDING GASTRIC AND DUODENAL PEPTIC ULCERS	149
MALLORY-WEISS SYNDROME	152
ESOPHAGEAL VARICES IN PORTAL HYPERTENSION	153
Overview	153
Clinical features	154
Treatment of acute variceal hemorrhage	154
LOWER GASTROINTESTINAL HEMORRHAGE (OVERVIEW)	161
Diagnosis	161
Treatment	162
DIVERTICULAR DISEASE	162
Overview	162
Bleeding	163
Diverticulitis	164
ANGIODYSPLASIA	166
REVIEW TESTS	167

CHAPTER 8. DIARRHEA	170
CROHN'S DISEASE OF SMALL INTESTINE	171
Overview	171
Clinical features and visualization data	172
Treatment	173
INFLAMMATORY BOWEL DISEASE	174
Overview	174
Ulcerative colitis	175
Crohn's colitis	181
BENIGN TUMORS OF THE SMALL INTESTINE	183
MALIGNANT TUMORS OF THE SMALL INTESTINE	184
Overview	184
Adenocarcinoma	185
Carcinoid tumors	185
Carcinoid syndrome	185
Other malignant tumors	186
SHORT BOWEL SYNDROME	186
RADIATION ENTRITIS	186
PSEUDOMEMBRANOUS COLITIS (ANTIBIOTIC-ASSOCIATED COLITIS)	187
Clinical characteristic	187
Diagnosis	187
Treatment	188
ISCHEMIC COLITIS	188
Overview	188
Clinical features and visualization data	188
Treatment	188
REVIEW TESTS	189
CHAPTER 9. ANAL COMPLAINTS	192
DYSFUNCTION OF THE ANORECTUM	192
Incontinence	192
Obstructed defecation (pelvic-floor-outlet obstruction)	194
Rectal prolapse	195
BENIGN ANORECTAL DISEASE	196
Hemorrhoids	196
Anal fissure	197
Anorectal abscess and fistula (cryptoglandular disease)	198
Anorectal fistula	199
Pilonidal disease	200
Hidradenitis suppurativa	200
Condyloma acuminatum (genital warts)	200
MALIGNANT PERIANAL AND ANAL CANAL TUMORS	201
Anal margin (below dentate line) neoplasms	201
Anal canal (above dentate line) neoplasms	202

REVIEW TESTS	203
CHAPTER 10. JAUNDICE	206
Overview	206
CHOLEDOCHOLITHIASIS	208
Overview	208
Clinical features and laboratory data	209
Diagnosis	209
Surgical treatment	214
BILIARY STRICTURES	216
Clinical features and laboratory data	216
Diagnosis	216
Surgical treatment	217
STENOSIS OF SPHINCTER OF ODDI	218
CHOLANGITIS	220
PRIMARY SCLEROSING CHOLANGITIS	220
Overview	220
Clinical features	220
Visualization data	221
Treatment	221
PANCREATIC ADENOCARCINOMA	221
Overview	221
Clinical features	222
Visualization data	223
Treatment	225
Prognosis	227
Other pancreatic malignancies	227
CARCINOMA OF PAPANICOLAOU BODY	227
Clinical characteristics	227
Treatment	229
CARCINOMA OF EXTRAHEPATIC BILIARY DUCTS	230
Overview	230
Clinical presentation and visualization data	231
Treatment	231
CARCINOMA OF GALLBLADDER	233
Overview	233
Clinical features	234
Treatment	234
CHRONIC PANCREATITIS	234
Overview	234
Clinical features	234
Visualization data	235
Treatment	236
CHOLEDOCHAL CYSTS	237
Overview	237
Clinical features and visualization data	238

Treatment	238
REVIEW TESTS	238
CHAPTER 11. SPLENOMEGALY AND HYPERSPLENISM	242
Overview	242
CLINICAL FEATURES (GENERAL)	242
LABORATORY DATA (GENERAL)	242
VISUALIZATION DATA (GENERAL)	243
TREATMENT (GENERAL PRINCIPLES)	243
DISEASES OF SPLEEN	243
Primary splenic disorders	243
Hematopoietic disorders	245
Immune disorders	246
Infiltrative diseases	248
Infections (splenic abscess)	248
Neoplastic diseases	249
Miscellaneous lesions	250
COMPLICATIONS FOLLOWING SPLENECTOMY	251
Postsplenectomy sepsis	251
REVIEW TESTS	252
CHAPTER 12. HERNIAS	253
GENERAL CONSIDERATIONS	253
Overview	253
Clinical features, laboratory and visualization data	255
Treatment	258
INGUINAL HERNIAS	260
Overview	260
Differential diagnosis	261
Surgical treatment	261
FEMORAL HERNIAS	266
Overview	266
Treatment	267
INCISIONAL, UMBILICAL AND EPIGASTRIC HERNIAS	269
SPIGELIAN, LUMBAR AND PELVIC HERNIAS	271
PARASTOMAL HERNIAS	271
REVIEW TESTS	273
CHAPTER 13. DYSPHAGIA	275
DISORDERS OF ESOPHAGEAL MOTILITY	275
Cricopharyngeal dysfunction	276
Achalasia	277
Diffuse esophageal spasm	279

GASTROESOPHAGEAL REFLUX DISEASE (GERD) AND HIATAL HERNIAS	281
Overview	281
Clinical features and visualization data	282
Treatment	283
Columnar lined esophagus (Barrett's esophagus)	284
Peptic strictures of esophagus	284
BENIGN TUMORS OF ESOPHAGUS	285
Leiomyomas	285
Benign intraluminal tumors	285
MALIGNANT TUMORS OF ESOPHAGUS	286
Overview	286
Clinical features and visualization data	287
Treatment	288
CAUSTIC ESOPHAGEAL STRICTURES	292
Clinical characteristic	292
Treatment	293
REVIEW TESTS	294
CHAPTER 14. PULMONARY SYMPTOMS	297
GENERAL CONSIDERATIONS	297
Symptoms	297
Diagnostic tools	299
DISORDERS OF THE PLEURA AND PLEURAL SPACE	302
Spontaneous pneumothorax	302
Pleural effusions (pleuritis)	304
Pleural empyema (suppurative pleuritis)	305
Pleural tumors	306
PULMONARY INFECTIONS	307
Lung abscess, necrotizing pneumonia and lung gangrene	307
Bronchiectasis	310
Tuberculosis	311
LUNG TUMORS	312
Solitary pulmonary nodules	312
Bronchogenic carcinoma	313
Bronchial adenomas	320
Hamartomas	322
Metastatic tumors	322
Neoplasms of the trachea	323
MEDIASTITIS AND PERFORATION OF THE ESOPHAGUS	323
Overview	323
Clinical features	324
Visualization data	324
Treatment	324

TUMORS AND CYSTS OF MEDIASTINUM	325
Anterior mediastinal lesions	325
Middle mediastinal lesions	328
Posterior mediastinal lesions	329
REVIEW TESTS	330

CHAPTER 15. HEART MURMURS AND PAIN 334

ACQUIRED HEART DISEASES	334
General considerations	334
Aortic stenosis	338
Aortic insufficiency	339
Mitral stenosis	340
Mitral insufficiency	342
Tricuspid stenosis and insufficiency	343
Pulmonic valve disease	344
Multiple valvular disease	344
Coronary artery disease (ischemic heart disease)	346
Pericardial disorders	353
CONGENITAL HEART DISEASE	354
General considerations	354
Patent ductus arteriosus	355
Coarctation of the aorta	356
Atrial septal defects	357
Ventricular septal defects	359
Tetralogy of Fallot	360
Transposition of the great arteries	361
REVIEW TESTS	363

CHAPTER 16: ISCHEMIC LOWER LIMB 365

GENERAL CONSIDERATIONS	365
Overview	365
Clinical presentation	365
Diagnosis	367
Nonoperative procedures to improve arterial flow	369
DIABETIC FOOT	370
Infection and gangrene	370
Arterial occlusive disease	371
AORTOILIAC OCCLUSIVE DISEASE	371
LOWER EXTREMITY OCCLUSIVE DISEASE	374
Overview	374
ACUTE ARTERIAL INSUFFICIENCY OF THE LOWER EXTREMITY	378

Overview	378
Embolism	378
Thrombosis (acute occlusion)	379
Clinical features and visualization data of acute arterial insufficiency of the lower extremity	379
Treatment	380
ANEURYSMS	381
Abdominal aortic aneurysms	381
Atypical aneurysms of the abdominal aorta	384
Ruptured abdominal aortic aneurysms	385
Other arterial aneurysms	387
VASOSPASTIC DISEASES	388
Overview	388
Raynaud's phenomenon	389
Raynaud's disease	389
REVIEW TESTS	390
CHAPTER 17: SWOLLEN LOWER LIMB	392
VENOUS DISEASE OF THE LOWER EXTREMITIES	392
Overview	392
Superficial thrombophlebitis	392
Varicose veins	393
Deep venous thrombosis	395
PULMONARY EMBOLISM	398
Overview	398
Clinical features and visualization data	399
DISORDERS OF LYMPHATIC SYSTEM	401
Lymphedema	401
Lymphatic tumors	402
Lymphangitis and lymphadenitis	402
REVIEW TEST	404
CHAPTER 18: HYPERTENSION	406
RENAL ARTERY STENOSIS	407
Overview	407
Clinical features and visualization data	408
Treatment	408
DISORDERS OF ADRENAL GLANDS	409
Diagnostic investigations for pathology of adrenal glands	409
Hormones of adrenal cortex	410
Tests of adrenocortical activity	410
Disorders of adrenocortical function	411
Adrenal medulla hormones	418
Tumors of the adrenal medulla	418
REVIEW TESTS	421

CHAPTER 19: STROKE (EXTRACRANIAL CEREBROVASCULAR DISEASE)	422
Overview	422
Clinical features and visualization data	422
Surgical treatment	423
REVIEW TESTS	425
CHAPTER 20: LUMP IN THE BREAST	426
BENIGN CONDITIONS	426
Infections	426
Fibrocystic disorders (chronic cystic mastitis)	427
Mammary duct ectasia	428
Nipple discharge	428
Fibroadenoma	428
CARCINOMA OF THE FEMALE BREAST	429
Overview	429
Clinical features	430
Visualization data	431
Treatment	433
Paget's disease	436
Prognosis and follow-up	436
CARCINOMA OF THE MALE BREAST	437
Overview	437
Clinical features and visualization data	437
Treatment	437
REVIEW TESTS	437
CHAPTER 21: NECK MASS	440
Overview	440
CYSTS AND FISTULAS UNRELATED TO THYROID GLAND	441
Branchial cyst	441
Branchial fistula	442
Branchogenic carcinoma	442
Cystic hygroma (cavernous lymphangioma)	442
Thyroglossal duct cysts	443
Thyroglossal fistula	443
INFLAMMATORY CONDITIONS OF THE NECK	444
Cervical lymphadenitis	444
PRIMARY TUMORS OF THE NECK	445
Neurogenous tumors	445
Secondary carcinoma of the neck	446
EVALUATION OF THYROID GLAND	448
Thyroid gland hormones	448

Tests of thyroid function	449
DISORDERS OF THYROID GLAND	451
Ectopic thyroid	451
Hypothyroidism	452
Thyroid enlargement	453
Hyperthyroidism	459
Neoplasms of the thyroid	461
Thyroiditis	465
DISORDERS OF PARATHYROID GLANDS	467
Overview	467
Hypoparathyroidism	467
Hyperparathyroidism	468
Parathyroid carcinoma	471
MULTIPLE ENDOCRINE NEOPLASIA SYNDROME	471
Overview	471
Type I	471
Type IIa	471
Type IIb	471
REVIEW TESTS	472
CHAPTER 22: TRAUMA, BURNS, AND SHOCK.....	475
MANAGEMENT OF TRAUMA VICTIMS	475
Initial assessment	475
ABCDE mnemonic	475
Airway assessment and control ("A" and "B" - steps)	476
Neurologic injury	482
Further management	484
Thoracic injuries	484
Abdominal injuries	491
Genitourinary injuries	496
Soft tissue injuries	497
Fractures	499
BURNS	499
Assessment	499
Airway control and ventilation	500
Circulatory support and fluid resuscitation	501
Burn wound care	501
Other considerations in the care of burn patients	502
Chemical burns	502
Electrical burns	502
SHOCK	503
Overview	503
Hypovolemic shock	505
Septic shock	505
Cardiogenic shock	505

Neurogenic shock	505
REVIEW TESTS	508

CHAPTER 23: SURGICAL INFECTIONS AND POSTOPERATIVE COMPLICATIONS	511
SURGICAL INFECTIONS	511
General considerations	511
Surgical wound infections	511
Prosthetic infections	512
Prophylactic antibiotics	513
Tetanus prophylaxis	513
Abscesses of soft tissues	514
Cellulitis	516
Necrotizing fasciitis	517
Clostridial myositis and cellulitis (gas gangrene)	518
Septicemia	519
POSTOPERATIVE COMPLICATIONS	521
Overview	521
Pulmonary complications	522
Urinary tract infection	522
Dehydration	522
Overhydration	523
General principles of management	523
GASTROINTESTINAL FISTULAS	524
Overview	524
Evaluation	525
Management	526
REVIEW TESTS	526
