P24

*Recommended by the Academic Council of State Institution
"Dnipropetrovsk Medical Academy of the Ministry of Health of Ukraine"
as a textbook for foreign students of higher medical education establishments
(letter No. 130/8/3, 14 December 2018)*

Authors:

V.A. Dihtiar, V.I. Sushko, D.Yu. Kryvchenia, A.F. Levytskyi, O.M. Barsuk,
L.M. Kharytoniuk, O.H. Sadovenko, M.O. Kaminska, I.O. Makedonskyi,
D.M. Lukianenko, M.V. Savenko, N.A. Dementieva, O.H. Dubrovin, V.P. Prytula,
V.M. Baibakov, B.M. Bodnar, I.V. Ksons, A.V. Dihtiar, A.A. Halahan

Textbook on the modern level described clinical picture of nosological units, which were included to the curriculum on the speciality "Pediatric Surgery". Methods of diagnosis and treatment were proposed. It was shown basic malformations and diseases in children, described their causes, clinical course, differential diagnosis, methods of examination and treatment. Textbook was focused on the issues of pyo-inflammatory diseases, traumatic injuries of the abdominal cavity and retroperitoneal space, benign and malignant tumors in children.

For foreign students of the higher medical education establishments, master's degree and postgraduate students.

Contents

Abbreviations	7
From the Authors	8
Chapter 1. Congenital Anomalies and Diseases of the Anterior Abdominal Wall and Abdominal Organs (V.I. Sushko, V.A. Dihtiar, O.M. Barsuk, V.P. Prytula, B.M. Bodnar, M.V. Savenko)	10
Congenital Anomalies of the Anterior Abdominal Wall.....	10
Embryonic hernia of umbilical cord.....	10
Gastroschisis.....	17
Congenital aplasia muscles of the anterior abdominal wall	19
Pathology of the yolk and urinary duct	22
Developmental defects of the urachus.....	27
An umbilical hernia.....	29
A midline hernia.....	32
An inguinal hernia.....	32
Congenital Anomalies and Diseases of the Digestive System	36
Congenital pylorostenosis	36
Congenital intestinal obstruction	40
Hirschsprung disease.....	50
Doubling organs of the digestive system.....	59
Gastric and duodenal ulcer.....	61
Bleeding from organs of the digestive system	67
Anorectal anomalies	73
Prolapse of the rectum.....	78
Anal fissure	80
Hemorrhoids.....	81
Rectal polyps	82
Acquired intestinal obstruction	83
Invagination.....	84
Early adhesive intestinal obstruction.....	93
Late adhesive intestinal obstruction.....	95
Spastic intestinal obstruction	97
Paralytic intestinal obstruction	97
Strangulated inguinal hernia.....	98
Diseases of the Liver, Gall Bladder and Spleen.....	100
Atresia of the bile ducts	100
Cyst of the common bile duct	106
Portal hypertension.....	111
Cysts of the spleen.....	116

Inflammatory Diseases Organs of the Abdominal Cavity.....	118
Acute appendicitis	118
Appendicular peritonitis.....	122
Hematogenous peritonitis.....	125
Acute mesenteric lymphadenitis	126
Inflammation of the large omentum.....	127
Acute cholecystitis	128
Acute pancreatitis	130
Necrotizing ulcerative enterocolitis, peritonitis of newborns	133
Chapter 2. Congenital Anomalies and Diseases of the Thoracic Organs and Thoracic Aperture (<i>D.Yu. Kryvchenia, V.A. Dihtiar, V.I. Sushko, A.F. Levytskyi, M.O. Kaminska</i>).....	136
Congenital Anomalies of the Thoracic Organs and Thoracic Aperture	136
Deformation of the thoracic aperture	136
Funnel-shaped deformation.....	136
Keeled deformation	139
Congenital tracheoesophageal fistula	144
Diseases Organs of the Thoracic Cavity.....	145
Congenital anomalies of the lungs.....	145
Purulent pulmonary and pleura diseases.....	160
Bacterial destruction of the lungs with pulmonary-pleural complications	164
Esophageal atresia.....	170
Gastroesophageal reflux disease	175
Diaphragmatic hernia	181
Chapter 3. Congenital Anomalies and Diseases Organs of the Urinary and Reproductive Systems (<i>V.I. Sushko, V.A. Dihtiar, L.M. Kharytoniuk, O.M. Barsuk, I.A. Makedonskyi, V.M. Baibakov</i>)	190
Development Abnormalities of the Kidneys	190
Hydronephrosis.....	190
Vesicoureteral reflux	194
Urolithiasis disease	196
Congenital Anomalies of the Testes, Spermatic Cord and Its Complications	199
Hydrocele of a spermatic cord and testis shells.....	199
Varicocele	201
Anomalies in the position of the testicles	202
Syndrome of edematous scrotum.....	205
Congenital Anomalies of the Urethra and Bladder.....	209
Anomalies of the urethra	209
Epispadia	211
Reconstructive Operations. Traumatic Injuries Organs of the Reproductive System.	
Trauma of the Scrotum	215
Traumatic Injuries Organs of the Urinary System	216
Trauma of the kidneys.....	216
Damage of the bladder	218
Damage of the urethra.....	218
Peculiarities of Children's Surgical Andrology.....	219

Chapter 4. Purulent-Inflammatory Diseases (<i>V.I. Sushko, V.A. Dihtiar, O.H. Sadovenko, D.M. Lukianenko, A.A. Halahan</i>)	224
Metaepiphyseal Osteomyelitis at the Newborns (Septic Arthritis)	225
Necrotic Phlegmon at the Newborns.....	227
Purulent Mastitis at the Newborns	231
Omphalitis	232
Paraproctitis (Perianal Abscess)	233
Neonatal Sepsis. Infectious-Toxic Shock.....	234
Acute Hematogenous Osteomyelitis.....	243
Chapter 5. Benign Neoplasms and Malignant Tumors (<i>V.A. Dihtiar, M.O. Kaminska, N.A. Dementieva</i>)	253
Benign Neoplasms	253
Hemangioma and vascular malformations.....	253
Tumors of the soft tissues	261
Teratoma.....	264
Benign tumors and tumor formations of the bones	265
Conventionally Malignant Tumors	268
Tumors of the mediastinum.....	268
Malignant Tumors	272
Rabdomyoblastoma.....	272
Nephroblastoma	274
Neuroblastoma	276
Malignant tumors of the bones.....	277
Chapter 6. Traumatic Injuries (<i>V.I. Sushko, D.Yu. Kryvchenia, V.A. Dihtiar, O.H. Dubrovin, M.O. Kaminska, I.V. Ksons</i>).....	281
Traumatic Shock And Its Features	281
Damaging of the Soft Tissues	286
Closed injuries of the softtissues	286
Open injuries of the soft tissues.....	287
Damaging of the Thoracic Aperture and Organs of the Thoracic Cavity	291
Damaging of the thoracic wall.....	295
Damaging of the esophagus.....	297
Abdominal Injury.....	306
Damaging of the hollow organs.....	306
Damaging of the intestine.....	307
Damaging of the spleen.....	310
Damaging of the liver.....	313
Damaging of the pancreas	318
Chapter 7. Congenital Anomalies, Traumas and Diseases of the Musculoskeletal System (<i>A.F. Levytskyi, V.A. Dihtiar, M.O. Kaminska, A.V. Dihtiar</i>).....	320
Congenital Malformations of the Shoulder Girdle and Upper Extremity.....	321
Syndactyly	322
Polydactyly	322
Congenital Myogenic Torticollis.....	322

CONTENTS

Vertebral Deformations..... 325
 Fault in posture 325
 Scoliosis..... 326
 Juvenile kyphosis 330
Congenital Malformations Of The Lower Extremity 331
 Dysplasia of the hipjoints and congenital dislocation of the hip 331
 Congenital clubfoot 340
Systemic Diseases with Involving of the Musculoskeletal System..... 344
 Marfan syndrome 344
 Neurofibromatosis (Recklinghausensyndrome)..... 345
 Spondiloepiphysial dysplasia..... 347
Damaging of the Musculoskeletal System..... 349

Bibliography..... 353

Subject Index..... 363
