Педіатрія = Pediatrics : textbook / O. V. Tiazhka, T. V. Pochinok,
П24 A. M. Antoshkina [et al.] ; edited by O. Tiazhka. – 4th edition, reprint. –
Vinnytsia : Nova Knyha, 2020. – 544 pp. : il.
ISBN 978-966-382-690-5

The textbook contains materials on pediatrics within the curriculum for the students of medical faculty, who master pediatrics during IV, V, VI years of study. Each unit contains its current relevance, the aim of the lesson, a list of questions a student is to know after self-training, a list of practical skills a student must acquire having covered the topic. Besides, there are additional materials and educational tests.

For the students of medical faculties of higher medical educational establishments of the III–IV levels of accreditation and teachers.
