of higher medical education establishments*

*Published in accordance with the Order of the Ministry of Health of Ukraine
No. 502 of 22 June 2010 as a textbook for students of higher medical
education establishments*

Authors:

V.I. Gryshchenko — Academic of the National Academy of Sciences of Ukraine (NASU);
M.O. Shcherbina — Professor;
B.M. Ventskivskyi — Corresponding Member of the National Academy of Medical Sciences of Ukraine (NAMSU);
V.V. Kaminskyi — Corresponding Member of the NAMSU;
L.B. Markin — Corresponding Member of the NAMSU;
L.V. Potapova — Professor;
V.V. Lazurenko — Professor;
O.V. Mertsalova — Professor;
O.P. Lipko — Professor;
I.M. Shcherbina — Professor;
M.G. Gryshchenko — Professor

Reviewers:

A.M. Gromova — Doctor of Medicine, Professor, Head of the Department of Obstetrics and Gynecology No. 1 of Ukrainian Medical Stomatological Academy;
B.F. Mazorchuk — Doctor of Medicine, Professor of the Department of Obstetrics and Gynecology No. 1 of Pirogov Vinnytsya National Medical University

Obstetrics and Gynecology : in 2 vol. : textbook. Vol. 1. Obstetrics /
O-25 V.I. Gryshchenko, M.O. Shcherbina, B.M. Ventskivskyi et al. ; edited by
V.I. Gryshchenko, M.O. Shcherbina. — 2nd edition. — K. : AUS Medicine
Publishing, 2018. — 392 p.

ISBN 978-617-505-693-6

Under current conditions in the sphere of improvement of the quality of student training at higher medical education establishments and deepening of their knowledge in the field of obstetrics it becomes absolutely necessary to publish textbooks, which cover the issues of obstetrics and correspond to current education programs.

The textbook has been created according to the obstetrics curriculum and in accordance with the Bologna process requirements.

The book describes the latest achievements of world obstetric science, deals with physiological aspects of pregnancy and childbirth, major factors of etiology, pathogenesis, clinical presentation, diagnosis, treatment and prevention of diseases during pregnancy, labor and postpartum period.

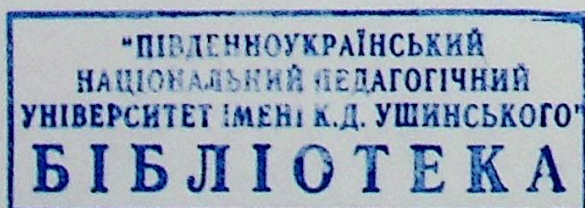

For students of higher medical education establishments.

Contents

Abbreviations	3
CHAPTER 1. Fertilization, Embryogenesis, Critical Period of Ontogenesis.....	5
Fertilization	5
Gametogenesis	5
Fertilization.....	7
Blastogenesis	8
Implantation	8
Embryogenesis	9
Placenta	11
Umbilical cord	14
Afterbirth	14
Critical periods of ontogenesis.....	15
<i>Test questions</i>	15
<i>Case Study</i>	16
CHAPTER 2. Changes in the Woman's Body during Pregnancy. Hygiene and Nutrition of Pregnant Women. Influence of Harmful Factors on Fetus	17
Changes in the Woman's Body during Pregnancy.....	17
Central Nervous System	17
Endocrine System	17
Immune System	19
Metabolism	19
Cardiovascular System	20
Hematopoietic Organs	21
Respiratory System	21
Acid-Base Condition	22
Digestive System	22
Urinary System	22
Supporting-Motor Apparatus	22
Skin	23
Weight	23
Mammary Glands	23
Genital Organs	23
Regimen and Hygiene of Pregnant Women	25
Pregnancy Nutrition	26
Influence of Harmful Factors on Fetus	26
<i>Test Questions</i>	27
<i>Case Study</i>	28
CHAPTER 3. Methods of Research in Obstetrics and Perinatology. Pregnancy Diagnostics and Management	29
History Taking	29
Objective Obstetric Examination	30
General Examination.....	30

Contents

Specific Obstetric Examination.....	30
<i>Test Questions</i>	49
<i>Case Study</i>	50
CHAPTER 4. Female Pelvis. Pelvic Floor. Fetus as an Object of Labor. Biomechanism of Labor in Cephalic and Breech Presentation	51
Female Pelvis.....	51
Pelvic Floor	52
Fetus as an Object of Labor	55
Biomechanism of Labor in Cephalic and Breech Presentation	57
<i>Test Questions</i>	66
<i>Case Study</i>	67
CHAPTER 5. Causes of Labor Onset. Expulsive Forces. Clinical Picture, Management and Pain relief of Labor	68
Causes of Labor Onset.....	68
Assessment of Biological Readiness of the Pregnant Woman's Body for Labor	70
Labor Precursors	71
Expulsive Forces.....	71
Clinical Picture and Management of Labor	73
Partogram Use in Labor Management	83
Labor Pain Relief	86
<i>Test Questions</i>	88
<i>Case Study</i>	89
CHAPTER 6. Physiology of the Puerperal and Neonatal Periods	90
Physiology of the Puerperal Period	90
Involution of Genital Organs	90
The Main Principles of Puerperal Period Management	92
Postpartum Care	92
Physiology of the Neonatal Period	94
Neonatal Period Management	97
<i>Test Questions</i>	101
<i>Case Study</i>	102
CHAPTER 7. Multiple Pregnancy	103
Types of Twins.....	103
Multiple Pregnancy Diagnostics	105
Multiple Pregnancy Management	107
Intrauterine Death of one Twin.....	108
Congenital Defects	108
Multiple Pregnancy Labor and Delivery.....	109
<i>Test Questions</i>	111
<i>Case Study</i>	111
CHAPTER 8. Deflexion presentation, Pelvic Presentation, and Malposition of the Fetus	113
Deflexion Presentation of the Fetal Head	113
Sincipital Presentation	113
Brow Presentation.....	115
Face Presentation	116
<i>Test Questions</i>	118
<i>Case Study</i>	119
Pelvic Presentation	120
Pelvic Presentation Etiology	121
Pelvic Presentation Classification	121

Contents

Pelvic Presentation Diagnostics	123
Pregnancy Management in Pelvic Presentation	124
Corrigent Gymnastics Methods	125
Pelvic Labor Course.....	127
Pelvic Labor Management	127
<i>Test Questions</i>	131
<i>Case Study</i>	132
Fetal Malposition.....	133
Diagnostics of Transverse and Oblique Fetal Lie.....	134
Clinical Course and Management of Pregnancy and Labor	135
<i>Test Questions</i>	136
<i>Case Study</i>	137
CHAPTER 9. Miscarriage and Postmature Pregnancy.....	138
Miscarriage	138
Miscarriage Classification	139
Clinical Course and Diagnosis of Miscarriage	139
Threatened Abortion.....	140
Incipient Abortion	141
Abortion in Progress	141
Incomplete and Complete Abortion	141
Missed Abortion.....	141
Miscarriage Treatment	142
Premature Labor.....	144
Postmature Pregnancy	146
Postmature Pregnancy Diagnostics	147
Obstetric Management of Postmature Pregnancy	148
<i>Test Questions</i>	149
<i>Case Study</i>	149
CHAPTER 10. Bony Pelvis Anomalies	151
Anatomically Contracted Pelvis.....	151
Anatomically Contracted Pelvis Classification.....	151
Diagnosis and Peculiarities of Biomechanism of Labor.....	153
Clinically Contracted Pelvis.....	156
<i>Test Questions</i>	158
<i>Case Study</i>	158
CHAPTER 11. Birth Traumas of Mother and Fetus.....	160
Birth Traumas of Mother.....	160
Vulvar and Vaginal Ruptures	160
Ruptures of Vulvar and Vaginal Varices.....	160
Vulvar and Vaginal Hematomas	161
Perineal Rupture	161
Cervical Ruptures.....	163
Uterine Rupture.....	164
Inversion of Uterus	168
Separation and Rupture of Symphysis	168
Postpartum Fistula	168
Birth Injuries.....	169
Cephalohematoma	169
Skull Gaps and Fractures.....	169
Intracranial Birth Injury	170
Birth Injury of Spinal Cord.....	170

Contents

Injuries of Clavicles and Extremities.....	171
Subcapsular Liver Hematoma, Adrenal Hemorrhage	171
<i>Test Questions</i>	172
<i>Case Study</i>	172
CHAPTER 12. Gestosis of Late Pregnancy: Preeclampsia, Eclampsia, HELLP Syndrome	174
Preeclampsia	174
Classification.....	174
Etiology and Pathogenesis	175
Clinical Picture and Diagnosis.....	176
Preeclampsia Treatment.....	177
Eclampsia	181
HELLP Syndrome.....	184
<i>Test Questions</i>	186
<i>Case Study</i>	187
CHAPTER 13. Placental Complications	188
Placenta Previa	188
Classification.....	188
Etiology and Pathogenesis	189
Clinical Picture and Diagnosis.....	190
Treatment, Management of Pregnancy and Labor	191
Premature Detachment Of Placenta.....	192
Classification.....	192
Etiology and Pathogenesis	192
Clinical Picture and Diagnosis.....	193
Treatment	195
<i>Test Questions</i>	195
<i>Case Study</i>	197
CHAPTER 14. Placental Insufficiency. Fetal Distress Syndrome. Intrauterine Fetal Growth Retardation.....	199
Placental Insufficiency. Fetal Distress Syndrome	199
Syndrome of Intrauterine Fetal Growth Retardation	207
<i>Test Questions</i>	210
<i>Case Study</i>	210
CHAPTER 15. Isoserological Maternofetal Blood Incompatibility.....	212
Etiology and Pathogenesis	212
Clinical Picture of Hemolytic Illness.....	215
Classification and Clinical Characteristics of the Basic Forms of Hemolytic Illness.....	217
Immunological Conflict Diagnostics	218
Immunoassay	218
Genotype of Blood of the Father.....	218
Ultrasonic Research.....	219
Amniocentesis.....	219
Treatment of Fetal Hemolytic Disease.....	221
Labor Management	222
Treatment of Hemolytic Disease of Newborn	223
<i>Test Questions</i>	224
<i>Case Study</i>	225
CHAPTER 16. Maldevelopments of Fetus and its Appendages. Medical Genetics	227
Congenital Defects of Development.....	227

Contents

CNS Defects.....	228
Urinary Tract Abnormalities.....	231
Congenital Heart Diseases.....	232
Digestive Tract Maldevelopments.....	232
Anomalies of Fetal Facial Structures, Neck, and Skeletal System.....	234
Chromosome Disease.....	235
Anomalies of Sex Chromosomes.....	236
Hereditary Diseases.....	236
Umbilical Cord Anomalies.....	236
Placenta Anomalies.....	237
Oligohydramnios and Polyhydramnios.....	237
Medicogenetic Consultation.....	238
Methods of Prenatal Diagnostics.....	239
Laboratory Methods of Diagnostics.....	239
<i>Test Questions</i>	240
<i>Case Study</i>	240
CHAPTER 17. Pregnancy and Labor in Extragenital Diseases.....	242
Cardiovascular Diseases.....	242
Rheumatism.....	243
Acquired Heart Disease.....	243
Congenital Heart Defects.....	244
Pregnancy and Operated Heart.....	246
Hyperpiesis in Pregnancy.....	247
Hypopiesis in Pregnancy.....	249
Vein Diseases and Thrombotic Complications.....	250
Varicose Disease.....	250
Thrombosis of Veins, Thrombophlebitis, Thromboembolism.....	251
Thrombophlebitis of Superficial Veins.....	251
Thrombosis of Deep Veins.....	252
Thromboembolism of Pulmonary Artery.....	253
Anemia in Pregnancy.....	253
Iron Deficiency Anemia.....	254
Folic Acid Deficiency Anemia.....	255
B ₁₂ -Deficiency Anemia.....	255
Thalassemia.....	255
Hemolytic Anemia.....	255
Aplastic Anemia.....	256
Respiratory Diseases.....	256
Bronchitis.....	256
Pneumonia.....	257
Bronchial Asthma.....	257
Kidney and Urinary Tract Diseases.....	258
Pyelonephritis.....	258
Glomerulonephritis.....	260
Urolithiasis.....	260
Thyroid Gland Pathology.....	261
Diffuse Toxic Goiter.....	261
Hypothyroidism.....	262
Diabetes.....	263
Gestational Diabetes.....	265
Digestive Tract Diseases.....	265
Chronic Cholecystitis.....	265
Acute Appendicitis.....	266

Contents

<i>Test Questions</i>	267
<i>Case Study</i>	268
CHAPTER 18. Perinatal Infections	270
Etiology	270
Classification.....	273
Pathogenesis	273
Clinical Presentation.....	273
Prenatal Diagnostics of Intrauterine Infections	276
Specific Features of Certain Nosological Forms of Intrauterine Infections.....	277
Cytomegalovirus.....	277
Herpetic Infection.....	279
Rubella.....	281
Toxoplasmosis.....	283
Chlamydiosis.....	284
Syphilis	285
Viral Hepatitis.....	287
<i>Test Questions</i>	290
<i>Case Study</i>	290
CHAPTER 19. Anomalies of Uterine Activity	292
Etiology and Pathogenesis	292
Classification.....	296
Pathological Preliminary Period	297
Uterine Inertia	297
Excessive Uterine Activity.....	300
Parodynia.....	301
AUA Prophylaxis	302
<i>Test Questions</i>	302
<i>Case Study</i>	303
CHAPTER 20. Uterine Bleeding in the Placental and Postpartum Periods	305
Major Causes of Uterine Bleeding.....	305
Hypo- and Atonic Bleeding.....	307
Coagulopathic Bleeding.....	310
DIC Syndrome	310
<i>Test Questions</i>	313
<i>Case Study</i>	314
CHAPTER 21. Hemorrhagic Shock. Amniotic Fluid Embolism	316
Hemorrhagic Shock.....	316
Amniotic Fluid Embolism	321
<i>Test Questions</i>	324
<i>Case Study</i>	324
CHAPTER 22. Obstetric Operations	326
Induced Termination of Pregnancy	326
Therapeutic (Artificial) Abortion	326
Operations that Prepare the Parturient Canal for Labor.....	329
Amniotomy	330
Episiotomy.....	330
Perineotomy.....	330
Craniodermal Forceps.....	331
Obstetric Version	331
External Version	331

Classic Internal Podalic Version	332
Braxton-Hicks Version.....	334
Fetus Extraction by the Pelvic Pole.....	334
Fetus Extraction by Both Legs.....	336
Fetus Extraction by the Inguinal Fold.....	336
Obstetrical Forceps. Vacuum Extraction of Fetus	336
Operative Interventions in the Placental and Puerperal Periods.....	341
Manual Detachment and Removal of Placenta	341
Manual Inspection of the Uterine Cavity	342
Embryotomy	342
Craniotomy.....	342
Excerebration.....	343
Cranioclasia	344
Decapitation	346
Exenteration.....	347
Spondylotomy	347
Cleidotomy	348
<i>Test Questions</i>	349
<i>Case Study</i>	349
CHAPTER 23. Cesarean Section	351
Classification.....	351
Intraperitoneal Cesarean Section.....	351
Protective Varieties of Cesarean Section.....	352
Indications for Cesarean Section	352
Contraindications for Cesarean Section.....	354
Preparation For Abdominal Delivery.....	355
Complications Of Cesarean Section	357
Postoperative Period Management	358
<i>Test Questions</i>	358
<i>Case Study</i>	360
CHAPTER 24. Postpartum Purulent-Septic Diseases	361
Infectious Process Pathogenesis.....	361
Classification.....	362
Clinical Picture and Treatment of Different Postpartum Purulent-Septic Diseases	363
Diseases Limited by the Vagina and Uterus	363
Diseases Limited by the Pelvic Cavity	365
Generalized Postpartum Infection	370
Infectious Toxic (Septic) Shock.....	372
Postpartum Mastitis	374
<i>Test Questions</i>	375
<i>Case Study</i>	376
CHAPTER 25. Pathology of Neonatal Period	377
Boundary Conditions	377
Diseases of Newborns in Early Neonatal Period	379
Infectious Diseases.....	380
<i>Test Questions</i>	382
<i>Case Study</i>	383
List of References.....	384
